

114%

Delinquency Rise Since 2008

\$182B

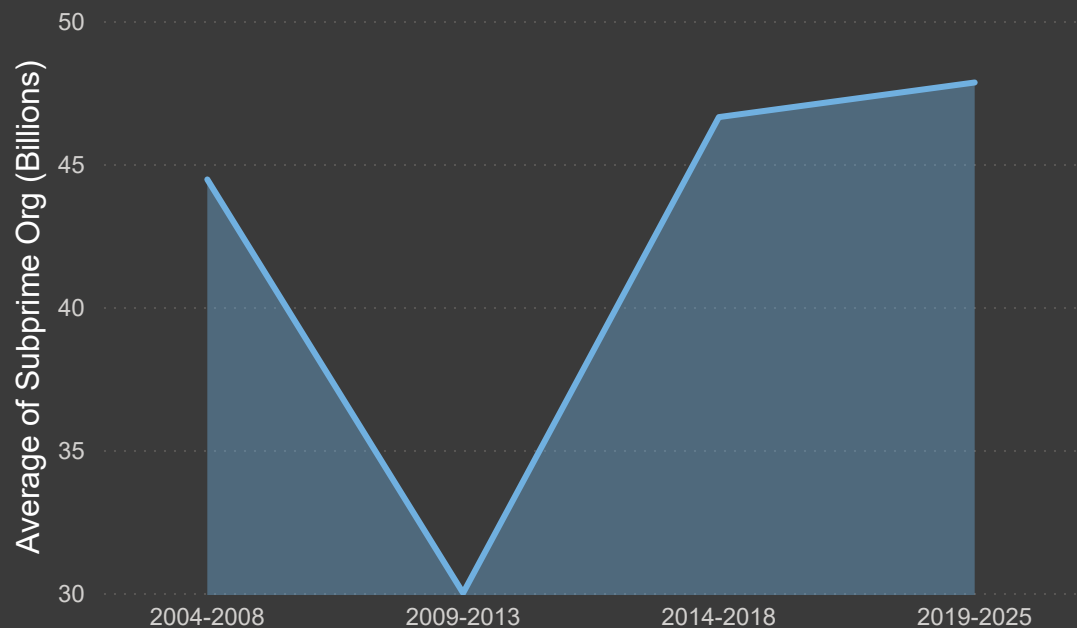

2025 Subprime Total

45%

of 2025 Auto Loans Went to Below-Prime Borrowers

Using Federal Reserve data across four credit cycles, this analysis tracks subprime origination volume and 90+ day delinquency rates. Subprime lending has remained persistently elevated since 2008 while delinquency rates have climbed to record highs, surpassing peak crisis levels without a triggering economic event.
